OUR SAFEGUARDING STATEMENT

Safeguarding and promoting the welfare of children is everyone's responsibility. Safeguarding is defined as: protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in the provision of safe and effective care and taking action to enable all children to have the best outcomes. Everyone who comes into contact with children and families has a significant role to play. In order to fulfil this responsibility, it is imperative that our approach is child centred to ensure we have a holistic picture of the child. This means that all staff and visitors, consider at all times, what is in the best interests of the child. If young people and families are to receive the right support at the right time, everyone who comes into contact with them is instrumental in identifying concerns, sharing information and taking prompt action.

Key statements:

- The welfare of children is paramount in all the work we do and in all the decisions we take. Safeguarding is the golden thread through our school community and embedded within our culture.
- All children, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have an equal right to protection from all types of harm or abuse and a right to learn.
- Some children are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting young people's welfare.
